

Toffeln®
Performance Footwear

Shoes for professional people

Contents

Toffeln improves health, work performance and safety through the design and manufacture of ergonomic footwear for professional people. This is our sole focus, and has been since 1978.

We are one of the world’s leading experts in our field, and distribute our shoes, clogs and trainers in more than 50 countries.

The professionals who prefer Toffeln shoes are those who stand and walk at work for many hours at a time. Many work in hygienic environments such as a hospitals, restaurants and hospitality venues, and they benefit from being able to wash their footwear at high temperatures.

The day-to-day demands on their feet are relentless. The impact on their bodies can be damaging. By choosing ergonomically-designed Toffeln footwear, they are less prone to lower back pain, knee problems and other physical damage.

By stocking Toffeln footwear, you can offer these professionals exceptionally comfortable, safe and stylish footwear at affordable prices. You will be assured of our 100% dedication to fulfilling and exceeding your expectations. You'll be able to trust our customer service team, which is run by our family firm, based at our UK headquarters. We aim to keep all styles, colours and sizes in stock at all times, so you can be confident of supply and can grow your sales.

Taking care of you, from the feet up

Toffeln means quality and support

Whilst our focus is on providing health, comfort and safety to your customers, we aim to support our distributors with a five star service. You benefit from our 12 month quality guarantee against manufacturing defects, fast international delivery from stock and hassle-free service from our friendly and professional team.

Toffeln's continued investment in research and development means you regularly have innovative new products on your shelves, alongside classic best-sellers.

Our Knowledge Transfer Partnership with the University of Salford helps us to stay at the forefront of scientifically-designed footwear. We know that style matters too, and we help professionals to express their individuality through our shoes. With our increasing variety of styles, colour-ways and patterns, your customers will always be able to find something that's just right for them.

Instock service

Our large stock and rapid despatch system ensure orders are turned around and your goods reach you in the fastest time possible.

Advice line

Need help finding the right product? Our footwear advisors can talk through your requirements and recommend the best solution for you.

Style shown above is the Eziklog®. See pages 24-27 for more details

Clogs

Comfort and style without compromise.

Our range of clogs is unrivalled. The scientific design means the foot is kept secure, and the body in the correct anatomical position. The clog collection contains timeless classics, as well as colour-ways and patterns which demonstrate small expressions of the wearer as an individual. This can be hugely reassuring to patients in environments such as hospitals, dental surgeries and retirement homes.

UltraLite®

Code 0600 / 0601 / 0698 / 0699

UltraLite® gives you even better comfort and support using our lightweight E-tech sole material technology. Our Grip-Safe® slip resistant outsoles will ensure that every step you take is a safe one. The soft leather uppers and insoles will help give you all-day comfort.

Washables

Step into your comfort zone

Our range of washables is designed for environments where hygiene is of paramount importance. Healthcare, kitchens, food factories and cruise ships are amongst the most exacting workplaces specifying Toffeln washables.

Every pair in the range is washable to at least 40°C which is hot enough to remove harmful bacteria and leave the shoes clean and fresh for the next wear. The KlimaFlex range is washable to 80°C and the SteriKlog may be autoclaved at 134°C making it ideal for visitors and temporary personnel.

The material from which the shoes are made is anti-microbial, which prevents the spreading of bacteria. Toffeln washables retain all the features of comfort, style and safety that characterise our products.
